

# SPECIAL PROCESSING

## OVERAGE REQUIREMENTS

Due to working loss in all finishing processes, an additional 5% overage should be added to your original fabric requirement. For orders 15 yards and less we recommend you add 1 yard.

We offer all Alta™ Stain Resist Finishes including alta food & beverage, alta healthcare seating, Alta guest room seating. Contact customer service for more information, 800-223-5466 or inquire@arc-com.com

<b>53+ yds:</b>	<b>\$5.25 per yd.</b>

# SPECIAL PROCESSING

## FLAMEPROOFING

The fire code requirement, weight and content of a fabric relates directly to the price of flameproofing. Please confirm pricing before quoting a client. Most flameproofing treatments can withstand up to 20 dry cleanings without re-flameproofing.

## FIRE CODE

We may be able to pass a more stringent fire code on a product depending on the specifications of the product and the code requirement. This must be done before a purchase order for production is put into work. Please inquire through your Sales Representative or our Technical Staff in Customer Service.

## WOVEN TEXTILES

### STANDARD FLAMEPROOFING:

1 - 39 yds:	\$165.00 minimum charge
40+ yds:	\$3.95 per yd.

### FLAMEPROOFING WITH STAIN RELEASE:

1 - 39 yds:	\$185.00 minimum charge
40+ yds:	\$4.95 per yd.

## COATED FABRICS (Vinyl, Polyurethane, Silicone)

### STANDARD FLAMEPROOFING:

1 - 37 yds:	\$285.00 minimum charge
38+ yds:	\$7.75 per yd.

## IMO

Arc-Com has many upholstery textiles that either pass IMO (International Maritime Organization) standards or when used with the appropriate components, can pass IMO standards. For other application, Arc-Com can alter fabric contents or treat fabrics to pass IMO. Please contact Customer Service for assistance.

## ANTIMICROBIALS

It may be possible to add an antimicrobial to a product that may be effective on pathogens. This must be brought to our attention before a purchase order for production is put into work.
