DuraBlock® Moisture Barrier (5 yard minimum)

Recommended for fabrics that have Alta®

5 - 34 yds:	\$225.00 minimum charge
35+ yds:	\$6.50 per yd.

Greenshield®

GreenShield® is an environmentally friendly stain resistant finish that provides superior water and oil repellency. GreenShield® uses a lower fluorochemical content than most of the stain resistant technologies available in the market today. Only fabrics with no other finishes can be treated with GreenShield Stain Resist.

GreenShield® Stain Resist (10 yard minimum)

\$2.75 per yd.

Defend® Stain Resist (Or equal to)

1 - 57 yds:	\$100.00 minimum charge
58+ yds:	\$1.75 per yd.

Arc-Com Moisture Barrier (5 yard minimum)

Recommended for use with fabrics that have INCASE™, GreenShield®, Teflon® & Generic Stain Resist finishes.

5 - 34 yds:	\$225.00 minimum charge
35+ yds:	\$6.50 per yd.

Acrylic Backing - Single Coat

1 - 81 yds:	\$225.00 minimum charge
82+ yds:	\$2.75 per yd.

Special Wallcovering Backing with Stain Resist Finish

It is recommended that a special acrylic backing be applied when an upholstery fabric is being utilized as a wallcovering. These fabrics must also be treated with a stain resist finish:

1 - 52 yds:	\$225.00 minimum charge
53+ yds:	\$4.25 per yd.

INCASE™

INCASE™ is an advanced stain and microbial resistant treatment, that works at the molecular level resulting in liquids immediately rolling away. INCASE™ allows both oil and water based stains to easily release from the fabric when cleaned. Only fabrics with no other finishes can be treated with INCASE™.

INCASE™ Fabric Protection (15 yard minimum)
\$3.50 per yd.

Nano-tex®

Nano-tex® Stain Resist Finish provides an invisible barrier that causes liquids to bead up and roll off textiles without penetrating the fibers. Liquids can be blotted off the face of the fabric to prevent staining. Fabric maintains its natural hand and breathability. Nano-tex® is environmentally friendly and recyclable. Nano-tex® can be applied to most Arc-Com fabrics, contact Customer Service at: 800-223-5466.

Nano-tex® Stain Resist (5 yard minimum)
5 - 64 yds: \$225.00 minimum charge
65+ yds: \$3.50 per yd.

Flameproof

Flameproofing

The fire code requirement, weight and content of a fabric relates directly to the price of flameproofing. Please confirm pricing before quoting a client. Most flameproofing treatments can withstand up to 20 dry cleanings without re-flameproofing.

Fire Code

We may be able to pass a more stringent fire code on a product depending on the specifications of the product and the code requirement. This must be done before a purchase order for production is put into work. Please inquire through your Sales Representative or our Technical Staff in Customer Service.

Standard Flameproofing:
1 - 39 yards: \$125.00 minimum charge
40+ yds: \$3.25 per yd.

Flameproofing with Stain Release:
1 - 39 yards: \$150.00 minimum charge
40+ yds: \$4.00 per yd.
